

NEW
Bag for organic kitchen waste.
Designed and made in Canada!

FITOBAK™

THE GREENEST BROWN BAG

Discover Fitobak, the new bag for organic kitchen waste that's a perfect fit for your bin!

Made in Canada with compostable plant-based fibres, Fitobak has been designed to meet the standards set out by most local municipalities.

Thanks to its bioplastic lining and practical size, you can now do something good for the environment every day — without worry or mess.

- ✓ Suitable size for organic kitchen waste bins
- ✓ Spill-proof bioplastic liner
- ✓ Made with compostable plant-based fibres
- ✓ Accepted at most composting centres and biomethanation plants
- ✓ ASTM 6868 and ASTM 6400 certified: product conforms to requirements of the BNQ program for its rate of disintegration and biodegradation
- ✓ Recyclable, easy-to-open packaging
- ✓ Available in packs of 25 bags (code 1182105) and in cases of 250, i.e. 10 boxes of 25 bags (code 1182106)
