Drinking Straws & Disposable Cutlery

Simply the best by nature

ISTRAWU is a Canadian based company working to commercialize 100% biodegradable straws & cutlery made entirely from agricultural residues from agave and cellulose. Our products imitate plastic and are tasteless, odorless, and much more reliable and durable than any other plastic-less material. ISTRAWU presents you with products that are :

- ✓ 100% biodegradable in nature in less than 6 months
- ✓ Compostable
- ✓ Vegan – 100% plant-based
- ✓ Made from agave fibers and cellulose
- ✓ Plastic free
- ✓ As sturdy as plastic
- ✓ Hot and cold proof
- ✓ Residue-less
- ✓ Safe for you and for the environment

Our products are currently used in the Hospitality and Foodservice sectors, supplying hotels, restaurants, bars, fast-food restaurants, hospitals, retirement homes, workplaces, cinemas, festivals, events and much more.

**With ISTRAWU,
You can truly make this world a better place.**
